Subject – kitchen sink manufacturing Plant

Dear Sir,

We first of all thank you and appreciate your interest shown in our products. If given a chance we would like to prove our quality and commitment to deliver in time.

Based on the reference discussion , and specification provided, in this connection, we are enclosing herewith our most suitable and economical offer for your kind consideration.

We hope you will find our offer in line and meets your requirement. In case if you require any other information/clarification in this regard please feel free to contact us.

We are awaiting your valuable purchase order.

Thanking you,

Yours faithfully,

For **Shree Lakshmi Info Services**

( Yogendra Nath)

## Quotation

Shree Lakshmi Info Services make complete plant for manufacture the different size S.S. Kitchen sink with Total Hydraulic System including Hydraulic Cylinder, Hydraulic Power Pack, Pressure Regulator, Pressure Gauge, power press, shearing machine & with all type of Dies including Fully Automatic Electric Control Panel .

Sr. No.	Particular	Qty.	Rate
1	300+300 ton Hydraulic Deep Draw press fully automatic	1	23,50,000/-
2	40 ton Hydraulic press for hole cutting fully automatic	1	3,50,000/-
3	60 ton Hydraulic press break machine 50" fully automatic	1	4,25,000/-
4	40 ton Hydraulic stamping machine fully automatic	1	1,30,000/-
5	Mechanical shearing machine (bed size 60")	1	3,75,000/-
6	10 ton Mechanical power press for corner cutting	1	1,20,000/-
7	Polish machine 5HP	4	3,40,000/-
8	All Break bending and bidding die set	1	90,000/-
9	Stamping die set	1	3,500/-
<b>Total</b>			<b>41,83,500/-</b>

## D

Sr. No.	Particular	Qty.	Rate
1	Draw die set 24"x18"	1	4,25,000/-
2	Draw die set 18"x16" (Drain Board)	1	4,50,000/-
3	Draw die set 21"x18"	1	3,90,000/-
	Draw die set 14"x16"	1	3,80,000/-
<b>TOTAL</b>			<b>16,45,000/-</b>

Which will have the major technical detail and specification:

### **1. 300+300 ton Hydraulic Deep Draw press fully automatic**

01. Type of the press	:	heavy duty columns type structure Fabricated out of ultrasonically tested steel plates duty welded with suitable reinforcements to give strength to with stand the load during the operation.
02. Main cylinder capacity	:	300 ton
03. Clamping cylinder Capacity	:	300 ton
04. Ram movement	:	Down stroking
05. No. of cylinders	:	1 main cylinder + 10 clamping cylinder + 2 side cylinder +1 ejector
06. Working table/bed size	:	1250mm x 1800mm
07. Main cylinder stroke length	:	840 mm (Adjustable)
08. Daylight gap	:	900 mm
09. Table height form floor level	:	Approx 700mm
10. "T" slots size	:	T- 20 (3/4")
11. Production capacity	:	2.5 stroke per minutes
12. Pump	:	double pump for high and low speeds
13. Cycle control & operation	:	PLC controlled push button operated with electrical control panel with having fully auto, semi auto and manual cycle.
14. Electric motor	:	30 HP, 1440 RPM, 3 PHASE,( ABB or Crompton make)
15. Valve and pump make	:	Yuken, Polyhydron, Veljan, Hydrank, Rexroth, Vickers
16. Oil reservoir	:	11 00 ltrs.

### **2. 40 ton Hydraulic press for hole cutting fully automatic**

01. Type of the press	:	hardchrome plated two pillar type press
02. Main cylinder capacity	:	40 ton
03. Ram movement	:	Down stroking
04. No. of cylinders	:	1 main cylinder
05. Working table/bed size	:	400mm x 900mm
06. Main cylinder stroke length	:	305 mm (Adjustable)
07. Daylight gap	:	750 mm
08. Table height form floor level	:	Approx 700mm
09. "T" slots size	:	T- 12 (1/2")
10. Production capacity	:	5 stroke per minutes
11. Pump	:	double pump for high and low speeds

- |                               |   |  |
|-------------------------------|---|--|
| 12. Cycle control & operation | : | push button operated with electrical control panel with having fully auto, semi auto and manual cycle. |
| 13. Electric motor            | : | 5 HP, 1440 RPM, 3 PHASE,( ABB or Crompton make)  |
| 14. Valve and pump make       | : | Yuken, Polyhydron, Veljan, Hydrank, Rexroth, Vickers   |
| 15. Oil reservoir             | : | 125 ltrs.  |

### **3. 60 ton Hydraulic press break machine 50" fully automatic**

- |                                   |   |  |
|-----------------------------------|---|--|
| 01. Type of the press             | : | Both side swing type press   |
| 02. Main cylinder capacity        | : | 60 ton   |
| 03. Ram movement                  | : | Down stroking  |
| 04. No. of cylinders              | : | 6 cylinder   |
| 05. Working table/bed size        | : | 150mm x 1525mm   |
| 06. Table height form floor level | : | Approx 600mm   |
| 07. Production capacity           | : | 5 stroke per minutes   |
| 08. Pump                          | : | Double pump for high and low speeds  |
| 09. Cycle control & operation     | : | Push button operated with electrical control panel with having fully auto, semi auto and manual cycle. |
| 10. Electric motor                | : | 5 HP, 1440 RPM, 3 PHASE,( ABB or Crompton make)  |
| 11. Valve and pump make           | : | Yuken, Polyhydron, Veljan, Hydrank, Rexroth, Vickers   |
| 12. Oil reservoir                 | : | 125 ltrs.  |

### **4. 40 ton Hydraulic stamping machine fully automatic**

- |                                   |   |  |
|-----------------------------------|---|--|
| 01. Type of the press             | : | "C" frame type   |
| 02. Main cylinder capacity        | : | 40 ton   |
| 03. Ram movement                  | : | Down stroking  |
| 04. No. of cylinders              | : | 1 main cylinder  |
| 05. Working table/bed size        | : | 150mm x 300mm  |
| 06. Main cylinder stroke length   | : | 150 mm (Adjustable)  |
| 07. Daylight gap                  | : | 210 mm   |
| 08. Table height form floor level | : | Approx 700mm   |
| 09. "T" slots size                | : | T- 12 (1/2")   |
| 10. Production capacity           | : | 5 stroke per minutes   |
| 11. Pump                          | : | double pump for high and low speeds  |
| 12. Cycle control & operation     | : | push button operated with electrical control panel with having fully auto, semi auto and manual cycle. |
| 13. Electric motor                | : | 5 HP, 1440 RPM, 3 PHASE,( ABB or Crompton make)  |
| 14. Valve and pump make           | : | Yuken, Polyhydron, Veljan, Hydrank, Rexroth, Vickers   |
| 15. Oil reservoir                 | : | 125 ltrs.  |

**Note :- All components will be standard make like yuken, Rexroth, Denison, polyhydron, hydrank, veljan, Vickers, mass, hydroline, abb, Siemens, ngef, Crompton, Schnider, L&T, Omron, Mistubishi, used in the power pack.**

The hydraulic unit will consist of the above parts - all of internationally reputed make for easy availability across the globe & for trouble free operation. These are interchangeable with other make too.

Complete with oil level indicator, strainers or filters, air breather, drain plug, fittings and all necessary piping for a complete high quality system.

**Manifold block** – all the hydraulic valves will be mounted on specially designed manifold block to decrease the piping lines, it further reduces chances of any leakage during operation of the press. It will be designed by Royal Hydrotech.

**Terms & conditions-**

- 40% advance, 30% after 45 days and balance against Proforma Invoice at the time of dispatch of the material.
- **Delivery** – 80 to 90 days from the date of receipt of your conform purchase order along with advance payment.
- The price quoted above is Ex-works Delhi at our works and does not include any other Taxes. At present the G.S.T. @18% against or as applicable at the time of delivery.
- Insurance, packing, forwarding & loading- unloading will be charged extra.
- Hydraulic oil is not in our scope of supply.
- The above price also not include erection commissioning supervision thereof, spares and any other civil work at site, which shall be charged extra.
- Inspection of the hydraulic press will be done at our works prior to dispatch.
- **Warranty** – one year warranty from the date of supply for any material and manufacturing defects. Charges of lodging and boarding of representative will be actual and will be borne by the party.
- Electrical motor, valve, pump, And other electrical parts's warranty as per company make rules.
- This quotation is valid for **15 days** from the date of issue thereafter, subject to prior confirmation from us.
